RESTRICTIVE COVENANTS

STATE OF ILLINOIS)
) SS.
COUNTY OF ADAMS)

Schmiedeskamp, Robertson

OWNER'S CERTIFICATE

M & M Land Developers Corporation., an Illinois corporation (the "Present Owner"), being the legal owner of Trinity Lakes First Addition, a Subdivision of a part of the Southeast Quarter of Section Eight (8), in Township Two (2) South of the Base Line, in Range Eight (8) West of the Fourth Principal Meridian, in the City of Quincy, Adams County, Illinois, as shown on the Official Plat dated January 4, 2008, prepared and certified by John E. Basinger, Illinois Professional Land Surveyor No. 2766 and recorded on February 21, 2008, in Book 708, at page 1734, with the Recorder of Adams County, Illinois (the "Subdivision") hereby provides that all conveyances of property hereafter made by the present or future owners of any of the lands included in the Subdivision shall be taken and understood as if incorporating in all such conveyances without repeating the same, the following restrictions and covenants:

RESTRICTIONS AND COVENANTS
TRINITY LAKES FIRST ADDITION

The following restrictions and covenants apply to Lots 1 through 3 (1-3) and 13 through 19 (13-19) inclusive and any other lots that may be established subject to this document (the "Lots") of the Subdivision and to the owners of such Lots ("Owners"):

1. Land Use and Building Type. No Lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any Lot other than "one detached single-family dwelling" not to exceed two (2) stories in height, excluding basement or foundation, and a garage for not less than two (2) cars, which shall be attached to the residence, but which garage may be in the basement.

2. Building Location. All Lots shall have thirty (30) feet minimum building set-back lines from street property line and ten (10) feet from side Lot lines.

3. Building Size. Except as provided in the next sentence, no one-story residence shall be permitted on any Lot of less than two thousand (2,000) square feet on the first floor, exclusive of attached porches (whether or not enclosed by screens or otherwise) or garages and basements, and no two story residences shall be permitted on any Lot of less than 2,400 total square feet with at least 1,500 square feet on the main floor, exclusive of attached porches (whether or not enclosed by screens or otherwise) or garages and basements. No garage shall be permitted of less than 600 square feet.

4. Diligence in Construction. The work or construction of any residence shall be prosecuted diligently and continuously from the time of commencement until the exterior construction shall be fully completed and the interior construction is substantially completed and no such residence shall be occupied during the course of original exterior construction or until made to comply with the restrictions and conditions set forth herein. No excavation except as necessary for the construction of improvements shall be permitted. All trees are to be left except those that reasonably need to be cut and removed to accommodate the design and location of the residence on the Lot or for safety purposes and/or to avoid making construction of the residence impractical.

5. Materials; Approval of Plans. At least fifty percent (50%) of all front exterior walls and at least twenty-five percent (25%) of all overall exterior walls of each residence must be either brick, stone or a combination thereof. The remaining portion of exterior walls of any residence can be any other material besides tar paper, rollbrick siding or similar material. All residences shall be constructed with a substantial quantity of new materials and no used structures shall be relocated or placed on any Lot. Until the Subdivision is fully completed as determined by the Present Owner, no building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved in writing by the Present Owner as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation, however, such approval shall not be unreasonably withheld.

6. Types of Structures. No prefabricated, precut, manufactured or modular houses, mobile homes or like structures shall be permitted on any Lot.

7. Fences and Walls. No fences or walls shall be erected, placed or altered on any Lot nearer to any street than the minimum set-back line shown on the recorded subdivision plat (the "Plat") and no fence or wall shall exceed six (6) feet in height. In addition, no fence or wall shall be placed or erected on a Lot, until after a residence has been constructed and fully completed on the Lot. No chain link fences shall be allowed on any Lot. Retaining walls may be constructed within the minimum set-back line, but only with prior written approval of the Present Owner. Any fence or wall erected, placed or altered after the effective date of this, on any Lot which contains a Water-retention Area or Water Drainage Area (as defined below), must be located to the inside of said Water Retention Area or Water Drainage Area,

8. Business or Commercial Operations. No business or commercial enterprise shall be maintained or operated on any Lot; provided, however, that this provision shall not be construed to prevent or prohibit an Owner from maintaining a home occupation (as defined in Section 29.701 et seq. of the City of Quincy, Illinois Municipal Code) within such Owner's own residence or garage on any Lot or from maintaining thereon a personal professional library, keeping his personal business or professional records or accounts, handling his

personal business or professional telephone calls, or conferring, on a limited basis, with business or professional associates, clients or customers.

9. Nuisance and Lot Maintenance. No noxious or offensive activity shall be carried out upon any Lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. Weeds on vacant Lots shall be mowed to a height of 10" or less at all times. The Owner or Owners of each and every Lot shall keep all weeds cut thereon, rubbish cleared and disposed of, dead trees removed to the end, that each and every Lot is maintained in a presentable condition. No discharging of firearms shall be permitted on any Lot.

10. Easements. Easements for the installation and maintenance of utilities and drainage facilities are reserved as shown on the Plat of the Subdivision as recorded with the Adams County Recorder's Office. Within these easements, no structure, fence, plantings, or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of water through drainage channels within the easements, or which may obstruct or retard the flow of water through the drainage channels in the easements. The easement area of each Lot, and all improvements on it, shall be maintained continuously by the Owner of the Lot, except for improvements for which a public authority or utility company is responsible.

11. Water Drainage Areas. An easement or right-of-way to install, establish, construct, reconstruct, operate and maintain certain water drainage areas in the Subdivision (the "Water Drainage Areas") for the benefit of the Lots has been retained, as shown on the Plat (the same being marked thereon as "Drainage & Utility Easements"). By means of these restrictions and covenants, the obligation to operate, repair, maintain and reconstruct the Water Drainage Areas, following the construction thereof by the Present Owner, shall transfer to the respective Owners of the Lots on which the Water Drainage Areas sit who, jointly and severally, assume hereby and are responsible for, such use, reconstruction, operation, repair and maintenance. All responsibility shall lie with the then current Owners of the Lots, regardless of whether or not the responsibility or obligation arose prior to or subsequent to any such Owner or Owners acquiring an interest in the Lots. In fulfilling this obligation, the following standards of maintenance and upkeep shall be observed and followed at all times: (a) the Water Drainage Areas shall be landscaped with trees acceptable for such areas; (b) the Water Drainage Areas shall be sown over in native grasses and shall be mowed, cut and/or trimmed as often as is necessary to maintain a neat and clean appearance; (c) the Water Drainage Areas shall not be allowed to grow over in weeds or in any unsightly or unkept manner. The cost of operating, repairing, reconstructing and maintaining the Water Drainage Areas shall be borne equally by all Owners of the lots on which each Water Drainage area sits.

12. Water Retention Areas. An easement or right-of-way to install, establish, construct, reconstruct, operate and maintain certain water retention ponds, lakes or basins in the Trinity Lakes Subdivision (the "Water Retention Areas") for the benefit of the Lots may be

retained as part of later phases of the Trinity Lakes Subdivision, and may be developed as part of this or later phases of the development of the Subdivision. By means of these restrictions and covenants, the obligation to operate, repair, maintain and reconstruct the Water Retention Areas, following the construction thereof by the Present Owner, shall transfer to the respective owners of the lots on which the Water Retention Areas sit who, jointly and severally, assume hereby and are responsible for, such use, reconstruction, operation, repair and maintenance. All responsibility shall lie with the then current Owners of the Lots, regardless of whether or not the responsibility or obligation arose prior to or subsequent to any such Owner or Owners acquiring an interest in the Lots. In fulfilling this obligation, the following standards of maintenance and upkeep shall be observed and followed at all times: (a) the Water Retention Areas shall be landscaped with trees acceptable for such areas; (b) the Water Retention Areas shall be sewn over in native grasses and shall be mowed, cut and/or trimmed as often as is necessary to maintain a neat and clean appearance; (c) the Water Retention Areas shall not be allowed to grow over in weeds or in any unsightly or unkept manner. The cost of operating, repairing, reconstructing and maintaining each individual Water Retention Area shall be borne equally by all Owners of the Lots on which each such Water Retention Area sits.

Should dispute arise as to maintenance or repair of a Water Retention Area, a simple majority of the affected Owners shall control. In the event an affected Owner does not comply with the majority, or in the event there is no majority, then the affected owners may present their dispute to the Board of Managers of the Homeowners Association. The decision of the Board of Managers shall control. The Board of Managers shall have the authority to make special assessments to non-complying Owners as needed, to enforce their decision.

13. Other Structures. No outbuildings, sheds or other structures shall be constructed, placed, erected or maintained upon any Lot; provided, however, that notwithstanding this prohibition: (i) a pool house not to exceed one hundred fifty (150) square feet in size may be constructed, placed or erected of any Lot, and (ii) a gazebo may be constructed, erected or placed on any Lot. No structure of a temporary character, trailer, tent, shack, barn or outbuilding shall be used on any Lot at any time for a residence, either permanently or temporarily. No camper, recreational vehicle, trailer or boat may be maintained upon any Lot except as might be maintained entirely within the garage, and no such items shall be kept on the Subdivision's streets for more than forty-eight (48) hours.

14. Signs. No sign of any kind shall be displayed to the public view on any Lot except one professional sign of not more than one square foot or one sign of not more than five square feet advertising the Lot for sale or rent, or signs used by a builder during the construction and sales period.

15. Satellite Dishes. No satellite dishes or discs greater than twenty-four (24) inches in diameter shall be placed on any of the Lots or on the residences thereon.

16. Vegetable Gardens. No vegetable gardens, either for private or commercial use, will be permitted within the Subdivision, except a small garden for private use located behind the residence.

17. Garbage and Refuse. No Lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers. All equipment for the storage or disposal of such materials shall be kept in a clean and sanitary manner. Sewage disposal systems shall be public sewage facilities, all of which shall conform to and meet the requirements of the Adams County Board of Health. No septic systems shall be permitted or allowed to serve any Lot or the residence thereon.

18. Water Supply and Sewage Disposal. No individual water supply system shall be permitted on any Lot nor shall any individual sewage disposal system be permitted on any Lot.

19. Land Near Parks and Water Courses. No building shall be placed nor shall any material or refuse be placed or stored on any Lot within twenty (20) feet of the property line of any park or edge of any lake which is now present or is part of the Present Owner's plans for later phases of the Subdivision.

20. Sight Distances at Intersections. No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connected them at points thirty (30) feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. No trees shall be permitted to remain within such areas unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

21. Vehicle Repairs and Wrecks. No Lot or street within the Subdivision shall be used for commercial or private repair of any vehicle other than temporary repairs to vehicles owned by the Owner; provided, however, that the same can be completed within two (2) days. No wrecked, junk, disabled or non-usable vehicles shall remain on any Lot or on any street within the Subdivision for more than two (2) days.

22. Swimming Pools and Clothes Lines. In-ground swimming pools can be constructed or installed on any Lot; however, no above ground swimming pools may be placed or installed on any Lot. No clothes line poles of a permanent nature may be installed on any Lot.

23. Animals. No livestock, or poultry of any kind shall be raised, bred or kept on any lot for any purpose. Domestic animals shall be limited to two dogs and two cats which shall be confined at all times in the house, garage, or basement, or confined by fence, kennel or chain to the rear of the house.

24. Restrictions on Builders or Contractors. All of the residences on the Lots must be constructed by or under the direct supervision of the Present Owner, or by or under the direct supervision of a contractor approved in writing by the Present Owner and such approval shall not be unreasonably withheld. No unapproved general contractors or builders, including, without limitation, any Owners are authorized or permitted to construct a residence on any Lot or to directly supervise such construction on any Lot, i.e. to act as a general contractor.

25. Developer's Right of First Refusal. The Owner of each Lot, upon acceptance of the deed to such Lot from the Developer, hereby covenants that if such Owner elects not to develop or build a residence upon said Lot, but rather decides to resell the Lot undeveloped, then such Owner shall first offer the Lot for sale to the Developer, or its successor or assign, at the original purchase price paid by such Owner when the Lot was purchased from the Developer. The Developer shall have seven (7) business days from the date of receipt of a written notice of intent to sell the Lot from such Owner in which to notify such Owner of its election to repurchase the Lot. The written notice of intent to sell shall be delivered by such Owner to the Developer either personally or by registered or certified mail, return receipt requested, and shall be considered received on the date personally delivered or upon the date mailed, whichever is applicable. In the event the Developer sends such Owner a timely notice of its election to repurchase, the closing of such repurchase shall occur within twenty (20) days thereafter. In the event the Developer fails to send such Owner a timely notice of its election to repurchase, such Owner can then sell the Lot free and clear of this restriction. This restriction shall apply only to vacant Lots and only with respect to the original purchaser or Owner of the Lot who acquires title to the Lot directly by deed from the Developer.

26. The Homeowners' Association.

A. Creation and Application. There has been or may be created, under the laws of the State of Illinois, a not-for-profit corporation to be known as the "Trinity Lakes Subdivision Homeowners' Association", which is sometimes referred to as the "Association". If the Association is created, every person who acquires and holds title (legal or equitable) to any Lot in the Subdivision or any of lots one through 21 of Trinity Lakes Subdivision Phase 1, a Subdivision of a part of the Southeast Quarter of Section Eight (8), in Township Two (2) South of the Base Line, in Range Eight (8) West of the Fourth Principal Meridian, in the City of Quincy, Adams County (the "First Phase Subdivision", and together with the Subdivision, the "Trinity Lakes Subdivision"), shall be a member of the Association (a "Member"), except that only one (1) of any number of co-Owners of a Lot in Trinity Lakes Subdivision shall be a General Member; all other co-Owners will be Associate Members. The foregoing provisions requiring the Owners of Lots within the Trinity Lakes Subdivision to be Members of the Association is not intended to apply to those persons who hold an interest in such Lot merely as security for the performance of an obligation to pay money, e.g. mortgages and land contract vendors. However, if such person should realize upon such person's security and become the Owner of a Lot within the Trinity Lakes Subdivision, the person will then be subject to all of the requirements and limitations imposed herein on Owners of Lots within the Trinity Lakes

Subdivision and on Members of the Association, including, but not limited to, those provisions with respect to the payment of an annual Charge.

B. The general purposes of the Association are:

(1) To maintain the water retention areas/lakes that will be created as part of this or later phases of the development of the Trinity Lakes Subdivision, in the manner prescribed in Section 12 hereof;

(2) To provide for the maintenance, repair and replacement of entrance signs and for landscaping or plantings of any common areas within the public streets traversing the Trinity Lakes Subdivision.

(3) To provide such other services to the Members within the Subdivision for the general benefits of the Members, as the Association shall determine from time to time.

C. Powers of and Changes by the Association.

(1) The Association shall have all of the powers set forth herein, in its articles of incorporation, or in its bylaws, together with all other powers that belong to it by law, as well as the power to levy an annual Charge or special Charge (herein "Charge" or "Charges") against the Members of the Association. In each membership class, the annual Charges shall be uniform. Special Charges shall relate only to individual Lots. The Charges shall be used only for services, items or matters benefiting the membership class. It is recognized that general services shall apply to the entire Subdivision. The Charges are imposed irrespective of whether or not a Member has constructed a residence on his Lot.

No Charge shall be levied against the Association itself, or any corporation that may be created to provide services to the Subdivision. Further, no Charges shall be assessed against the Present Owner as to any undeveloped and unsold Lots, but the Present Owner may voluntarily pay annual Charges. The annual Charge for all Members shall be established by the Association as provided in the bylaws and shall be used for general services, items or matters, such as maintenance of the Water Retention Areas, and other related services as set forth in subsection B above.

The annual Charge for all memberships shall be approved by the board of directors of the Association or by the Members, in certain instances, in accordance with the bylaws of the Association consistent herewith.

The rights of Members of the Association as such Members shall be set forth in the bylaws of the Association.

(2) Every such Charge levied or assessed by the Association shall be paid by the Members in accordance with the bylaws commencing with the year 2002. The board of directors of the Association shall fix the amount of the annual Charge per Member for the following year by the first day of December of the then current year, beginning in 2001, or as soon thereafter as practicable, and written notice of the Charge so fixed shall be sent to each Member, so charged, within twenty-one (21) days after being established. The Association shall provide for the manner and method by which such annual Charge shall be paid by the Members.

(3) If any Charge levied or assessed against any Lot subject hereto shall not be paid when due, it shall then, *ipso facto*, become a lien upon the Lot or Lots owned by the member owing such Charge or Charges, and shall remain a lien against said Lot or Lots until paid in full, together with interest as is herein provided and such other Charges or costs which might become due as a result of non-payment, as is hereinafter provided. Such Charges as are provided for herein shall bear interest at the judgment interest rate established by the State of Illinois from the date the Charge or Charges are due until paid in full. If, in the opinion of the board of directors of the Association, such Charges have remained due and payable for an unreasonably long period of time, they may, on behalf of the Association, institute such proceedings, either in law or in equity, either by way of foreclosure of such lien or otherwise, to collect the amount of said Charge in any court of competent jurisdiction. The Owner of the Lot or Lots subject to the Charge shall, in addition to the amount of the Charge at the time such action is instituted, be obligated to pay any expenses or costs, including attorney fees, incurred by the Association in collecting the same. Every person who shall become the Owner of any Lot, whether such ownership be legal or equitable, and any person who may acquire any interest in such Lot, whether as an Owner or otherwise, is hereby notified and by acquisition of such interest, agrees that any such liens or Charges which may be extant upon said Lot or Lots at the time of the acquisition of such interest are valid liens and shall be paid. Every person who shall become an Owner of a Lot in the Subdivision is hereby notified that by the act of acquiring such title, such person will be conclusively held to have covenanted to pay the Association all Charges that the Association shall make pursuant hereto.

(4) The Association shall, upon request, at any time, furnish a certificate in writing signed by an officer of the Association certifying that the assessments on a specified Lot have been paid or that certain assessments against said Lot remain unpaid, as the case may be. A reasonable fee may be assessed by the board of directors of the Association for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

D. Suspension of Voting Rights. Notwithstanding any other provision contained herein, the board of directors of the Association shall have the right to suspend the voting rights (if any) of any General Member or Associate Member: (1) for any period during which any Charge due from such General Member or Associate Member remains unpaid; (2) during the period of any continued violation of the covenants and restrictions for the Subdivision, after

the existence of the violation shall have been declared by the board of directors; and (3) because of any violation of the bylaws or regulations, if any, of the Association.

27. Terms; Amendments. These restrictions and covenants shall run with the land and shall be binding upon all parties and persons claiming through them for a period of thirty (30) years from the date these restrictions and covenants are recorded and shall be automatically extended for a successive period of ten (10) years unless terminated prior to expiration by written instrument signed by each and every Owner of the Lots at the date of expiration of the original thirty (30) year period or any ten (10) year extension period and such instrument has been recorded prior to such expiration date. These restrictions and covenants shall continue and remain unaltered unless at any time an instrument signed by a majority of the then Owners of the Lots has been recorded agreeing to terminate, change or amend these restrictions and covenants, in whole or in part. In determining the "then Owners of the Lots", each individual Lot shall have a single right or vote.

28. Enforcement. Enforcement of these restrictions and covenants shall be by proceeding at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damages brought by either the Present Owner, the Owners or any other party for whose benefit these restrictions inure. The prevailing party in such proceeding shall be entitled to recover all reasonable attorney fees and costs incurred in connection with such proceeding. However, the Present Owner shall not be liable for damages of any kind to any person for failing either to abide by, enforce or carry out any of these restrictions. In addition, the Present Owner and all contractors shall be exempt from the covenants to the extent the actions taken by such persons that may otherwise be in violation of these covenants are necessary in order to complete the construction of a residence on any Lot.

29. Severability. The invalidation of any one or more of these restrictions and covenants by judgment or court order shall in no way affect any of the other provisions, which shall remain in full force and effect.

30. Miscellaneous. The captions preceding the various sections of these restrictions and covenants are for convenience and reference only, and none of them shall be used as an aid in the construction or interpretation of any provisions hereof. Whenever and wherever applicable, the singular form of any word shall be taken to mean or applied to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter, as the context may require. These restrictions and covenants shall be construed under the laws of the State of Illinois.
