

Quincy Public Schools will have a breakfast and lunch program for all the children of Quincy. If you wish to receive the meals, we have two options. You can do a drive-thru and pick up your two meals per child at one of two locations. We will also be dropping off meals at 24 locations throughout the city with our buses. If you are picking up for children not present, we will limit the pick-up number, unless you come to the Board Office for pick-up.
